

Euphoric Beauty prides itself in offering a professional service in relaxing, friendly surroundings, operating at the forefront of the beauty industry. We recognise that clients' needs are our top priority and our philosophy is to meet and exceed those needs.

We use 4 Momentum to help us plan our business strategy. We also use them as a mentor, with whom we can discuss ongoing business ideas and issues.

4 Momentum has helped us generate new ideas to increase our business and has also advised us on ways to reduce our existing cost base. This has led to an increase in our margins, which is obviously extremely positive!

We particularly like their honest and direct approach which is delivered in a supportive and constructive manner.

We're now looking to move our business to the next level and we'll be taking further advice and guidance from 4 Momentum to help us get to where we want to be in the future.
